

Udělej vedle kroužku tolik čárek, kolik věcí v něm napočítáš.

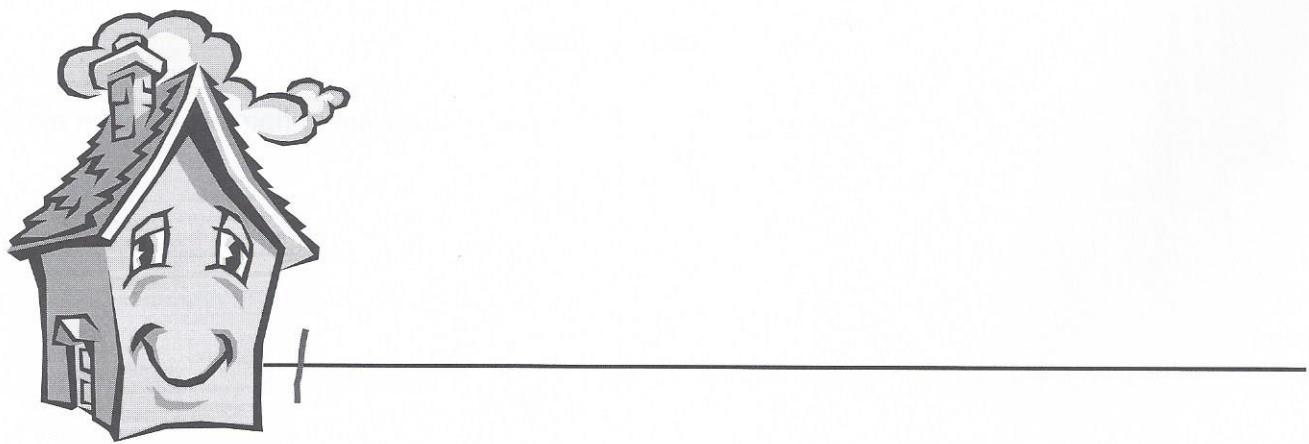

///

Místo vybarvování děláme pastelkou tečky. Pěkně hustě ťukáme jednu tečku vedle druhé. Každé auto má jinou barvu.

Kreslíme ploty. Velký dům má větší plot, malý domek menší.

Dospělý předříkává vždy dvě slova s výraznou, třeba trochu přehnanou výslovností.

Mluvíme cizí řečí. Co je stejné a co je jiné? Každou dvojici zopakuj a pak se rozhodni.

alo - olo

krik - krak

afr - afr

eny - eny

bam - bam

tmes - tmes

una - ina

kles - kles

plyš - ploš

kim - pim

dink - dynk

stí - stý

stu - stu

pro - tro

nykl - nykl

Vymysli si, co některá slovíčka znamenají, a nakresli to.

tmes – to by mohl být velký černý mrak

A teď totéž v naší řeči:

hůl - kůl

párá - pára

volí - válí

pes - pec

poník - koník

nese - nese

kra - kra

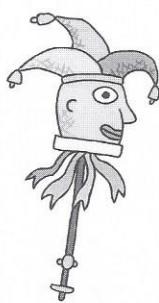

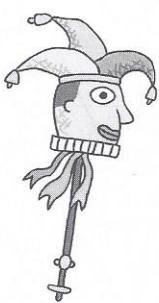

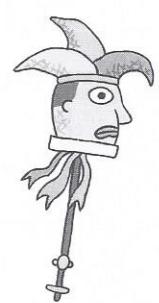

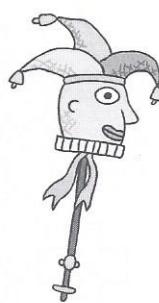

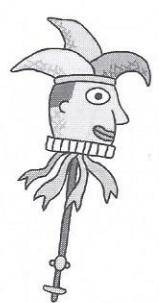

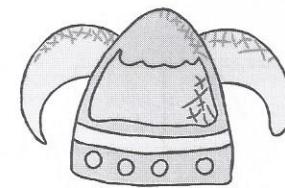

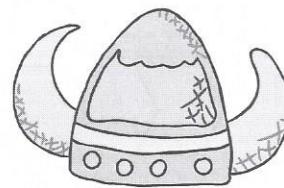

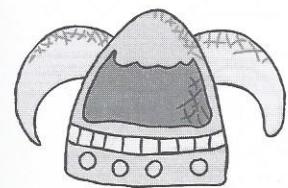

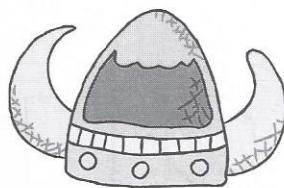

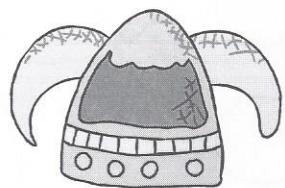

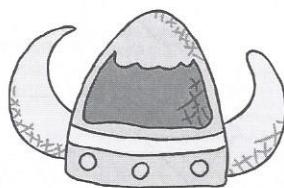

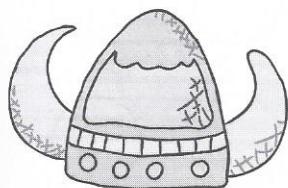

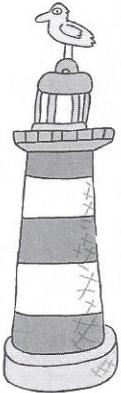

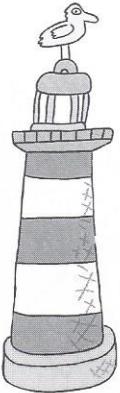

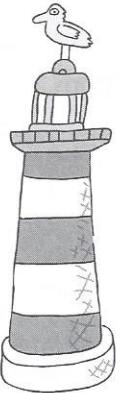

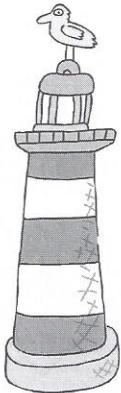

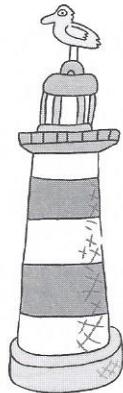

prst - srst

strčí - stočí

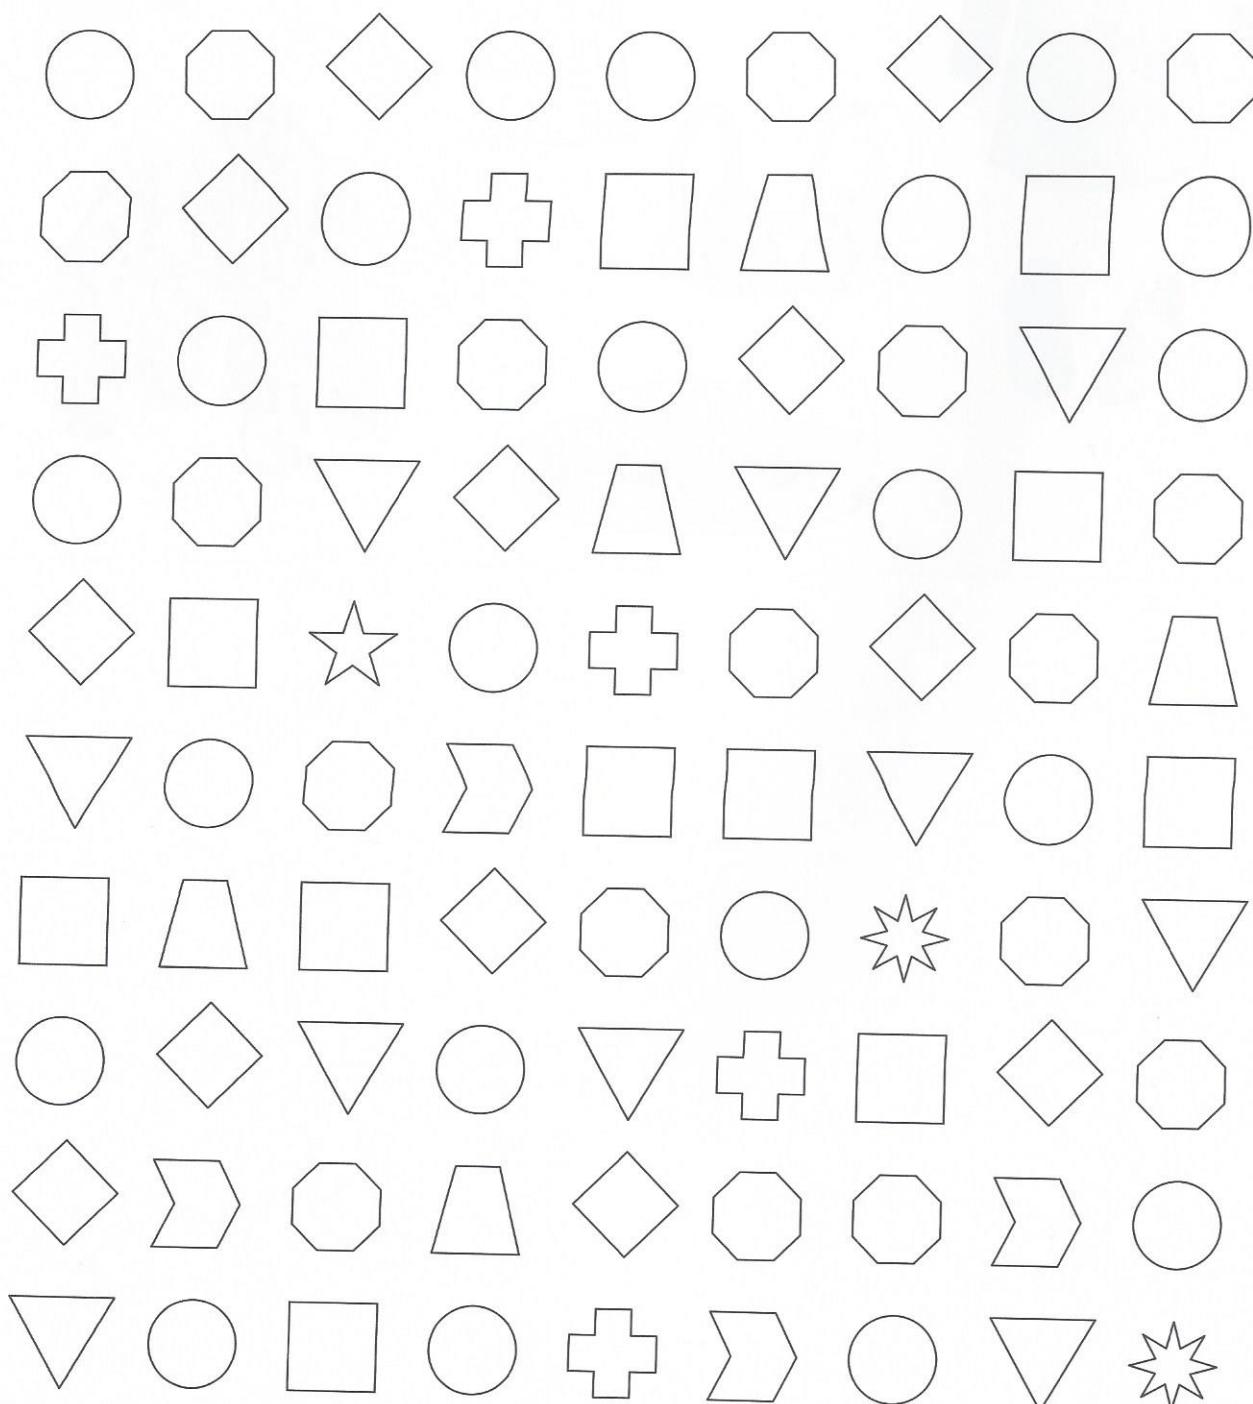

psal - psal

Zase nakresli alespoň tři obrázky.

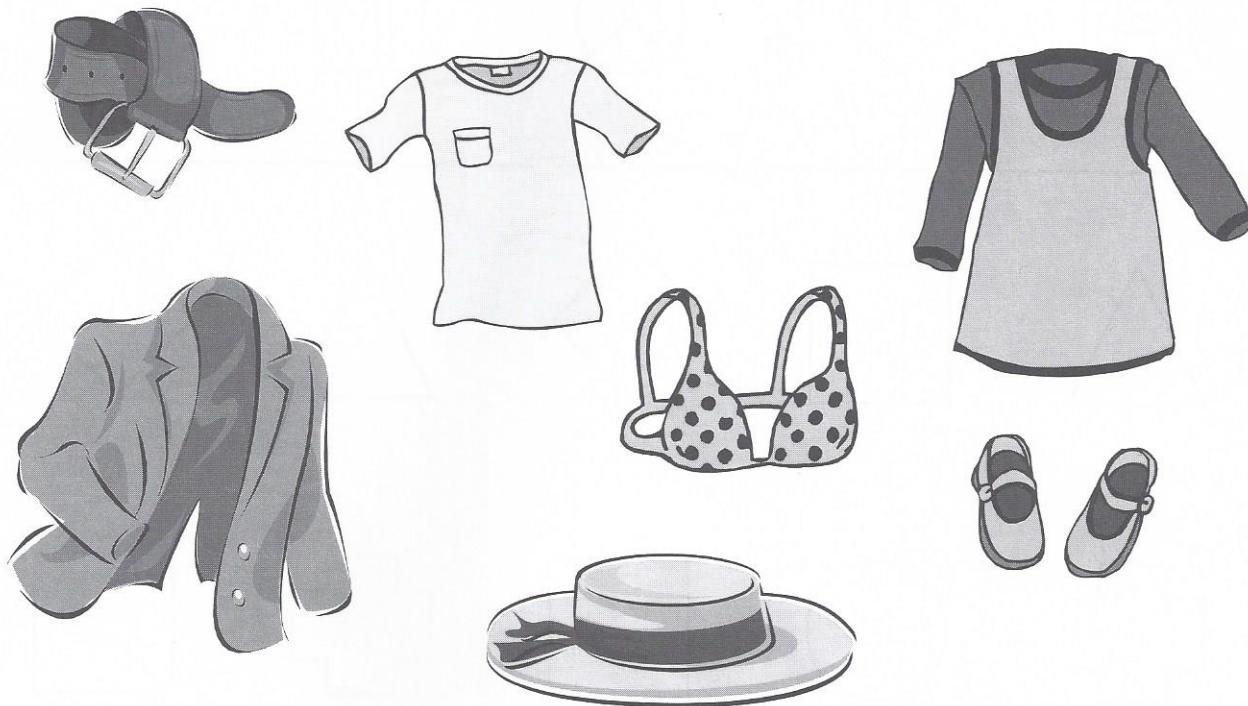

V každé skupině jsou dva úplně stejné obrázky. Najdi je a dej do kroužku.

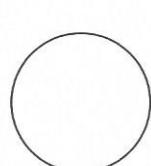

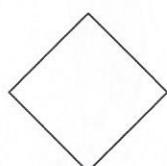

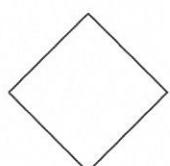

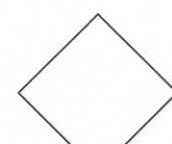

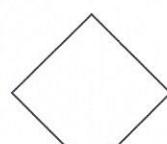

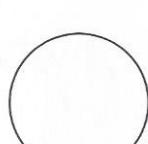

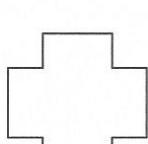

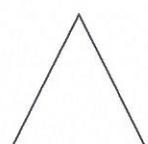

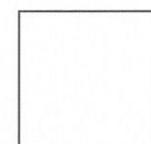

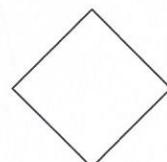

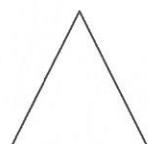

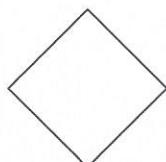

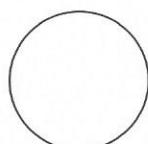

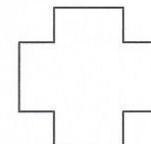

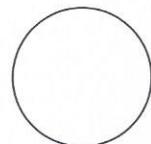

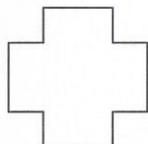

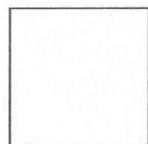

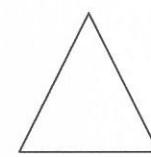

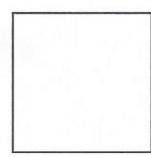

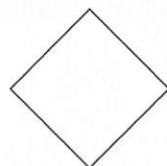

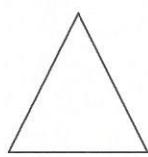

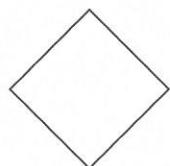

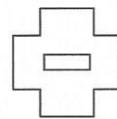

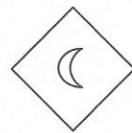

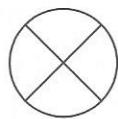

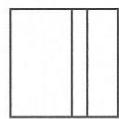

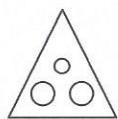

Kolečka vybarvíme zeleně, čtverce modře, trojúhelníky červeně. Postupuj popořádku, v každé řadě zleva doprava.

Jdeme nakoupit něco na sebe. Každou věc pojmenuj a zapamatuj si ji. Pak přeložíme papír a zkusíme si na všechno vzpomenout. Nakreslíme obrázky.

Doplň obrázky podle vzoru. Postupuj popořadě, zleva doprava.

O každém obrázku řekni co nejvíce. Třeba o psu: Pes je chlupatý. Bydlí v boudě. Můžeš říct o každém, jaký je, co má rád, co dělá, kde žije, jaké má kamarády i něco dalšího. Maminka nebo tatínek tvůj krátký příběh zapíší.

Čtverce vybarvi žlutě, pětiúhelníky červeně. Vznikne obrázek?

žlutě

červeně
