

To jsou ale popletené věty. Zkusíme je opravit, aby byly správně:

Po silnici jela jedna loď za druhou.

Kolem okna proletěl krokodýl.

Musel si nasadit silné brýle, aby nás lépe slyšel.

Aby nepřišel pozdě, jel táta do práce v kufru.

V lese roste hodně čápů.

Růžový orangutan se drbal za uchem.

Z vysokého stromu se snášela žížala.

Mravenci si postavili velký dům z cihel.

Náš táta má k večeři nejradši barevné korálky.

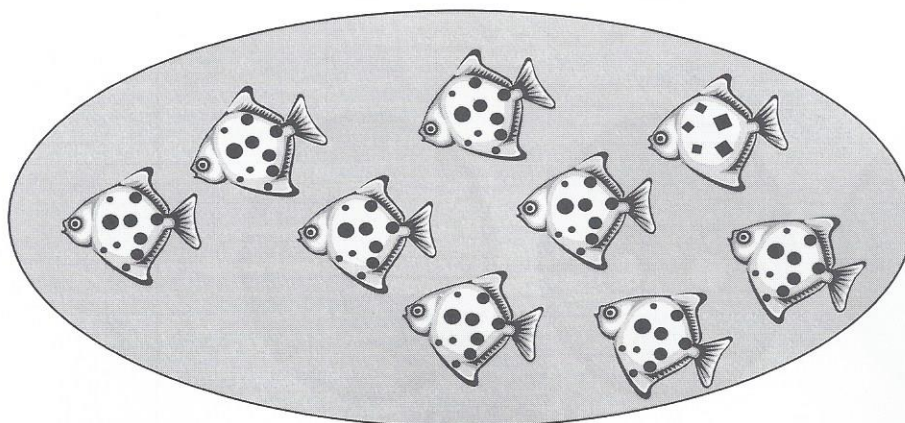

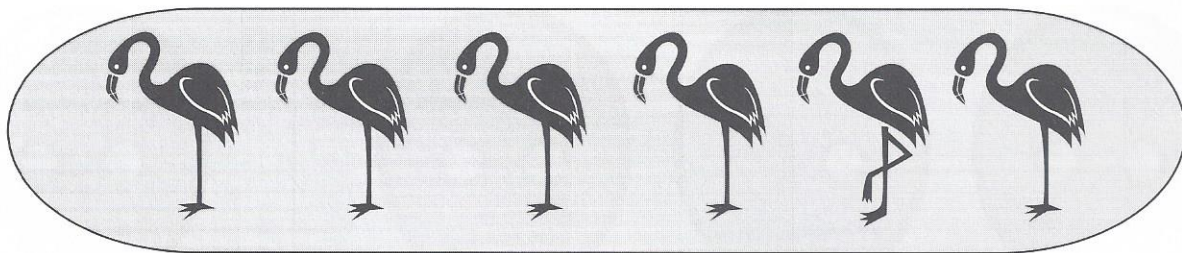

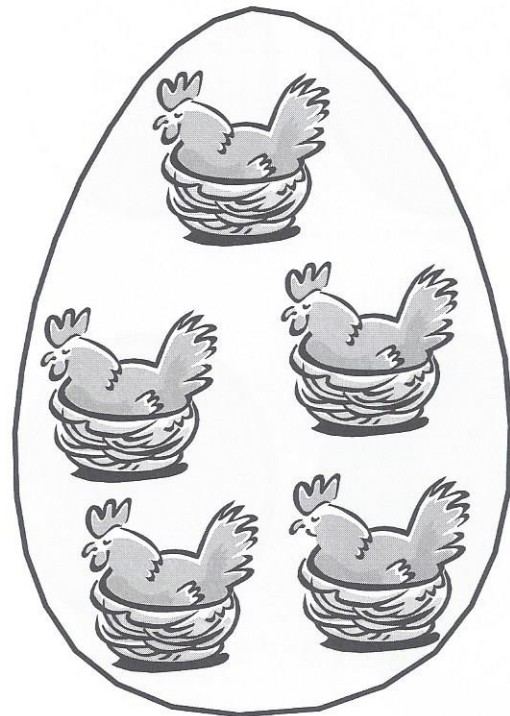

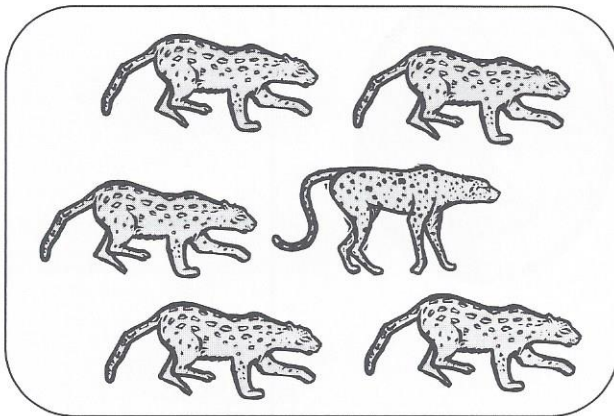

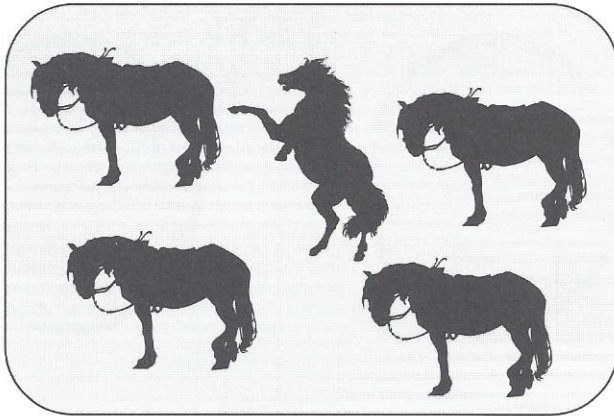

Hlemýžď se k nám velkou rychlostí přibližoval po lesní cestičce.

Ráno vyšel měsíc a svítil nám na cestu do školky.

Pepík si napřed sundal svetr a pak si svlékl kabát.

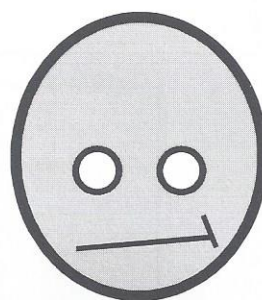

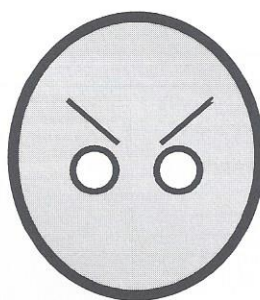

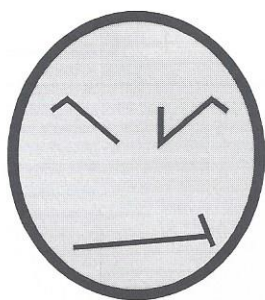

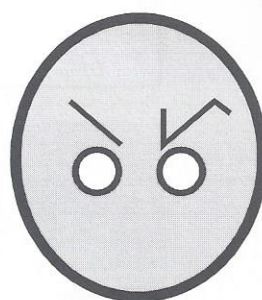

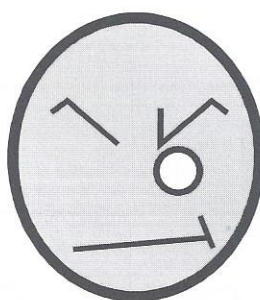

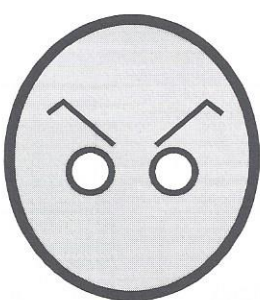

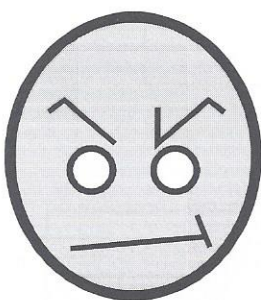

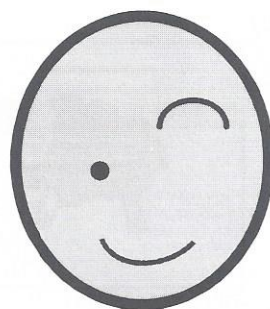

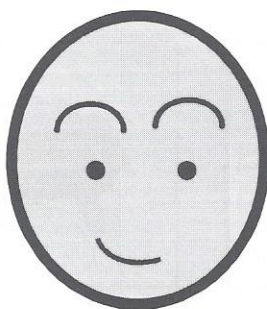

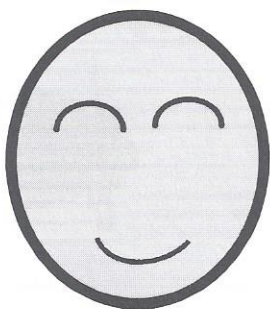

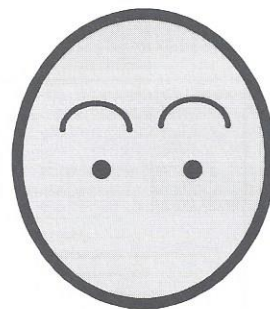

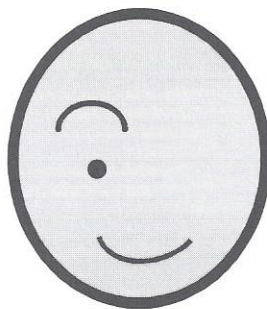

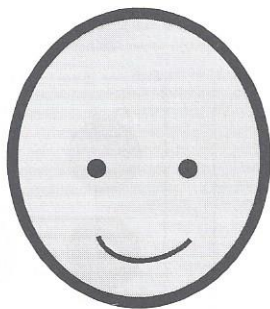

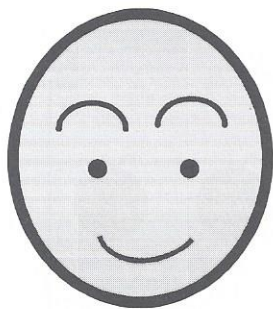

V obchodě jsme koupili mléko, rohlíky a máslo. Pak jsme šli k pokladně a paní prodavačka nám zaplatila.

Najdi zvíře, které je jiné, a přeškrtni ho.

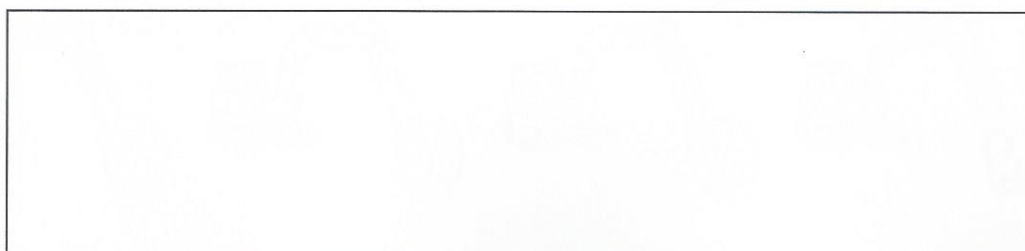

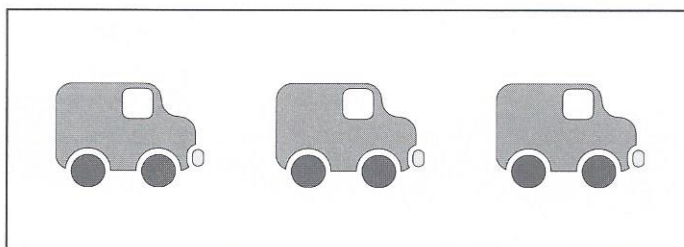

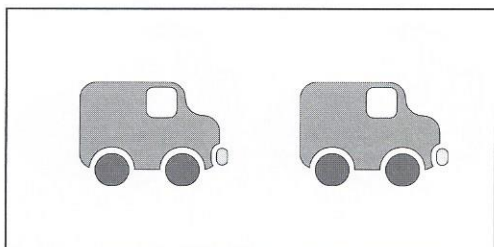

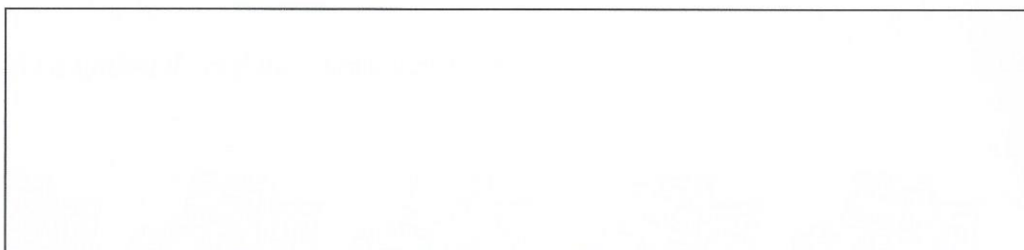

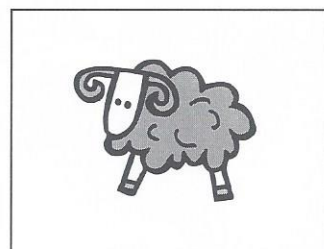

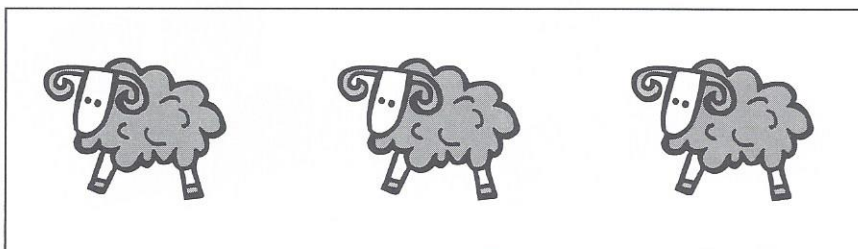

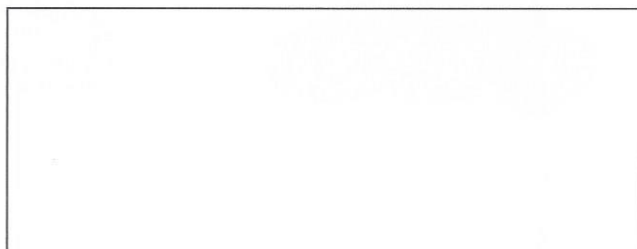

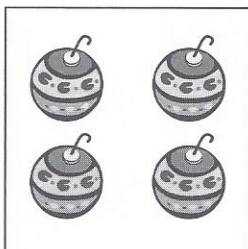

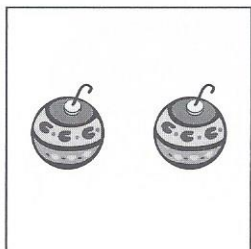

Domaluj obličej podle vzoru.

Sesypeme korálky do jedné krabičky a spočítáme. Kolik jich je?

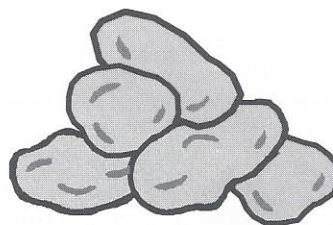

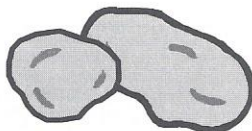

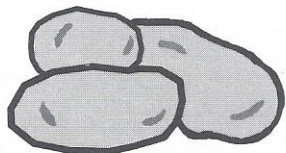

Beránky zaženeme do jedné ohrady. Kolik jich je?

Auta vjedou do jedné velké garáže. Kolik jich je?

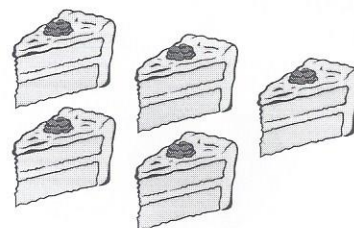

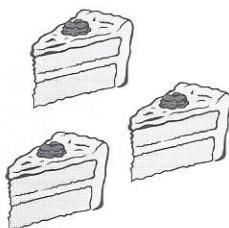

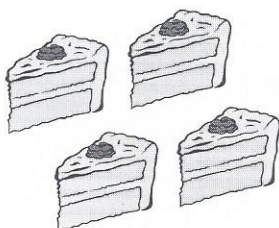

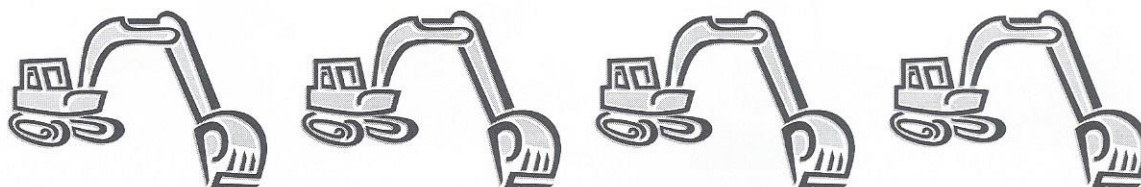

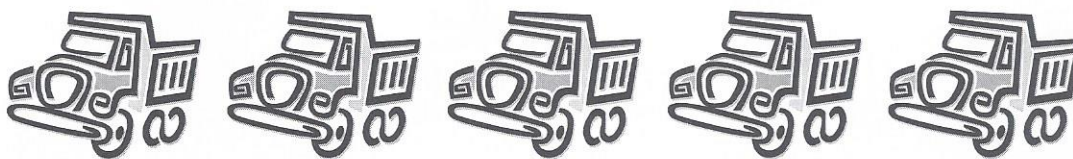

Z každé hromádky ubereme jednu bramboru – kolik jich zbyde?

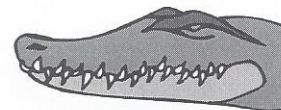

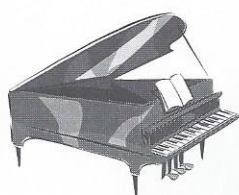

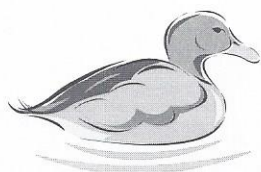

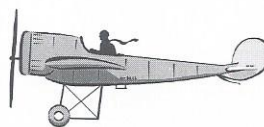

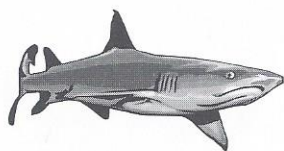

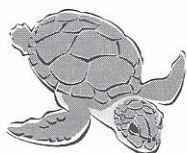

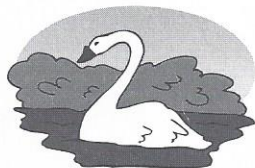

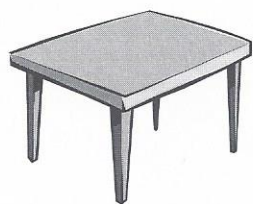

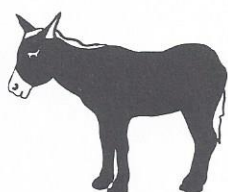

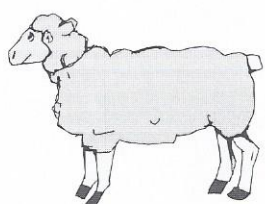

Vždy dva dorty sníme – kolik jich zbyde?

Z každé řady odjedou tři vozidla – kolik jich zbyde?

Obrázky v řadě začínají stejným písmenem, ale jeden tam nepatří, je od jiného písmene. Najdi ho a přeškrtni.

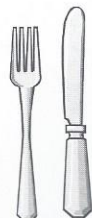

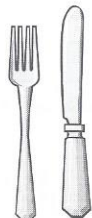

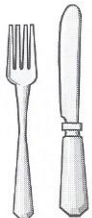

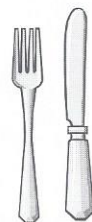

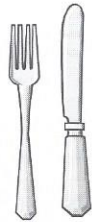

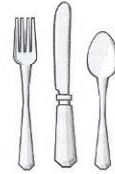

Vystříhej nakreslená kolečka, zamíchej a vrať kam patří.

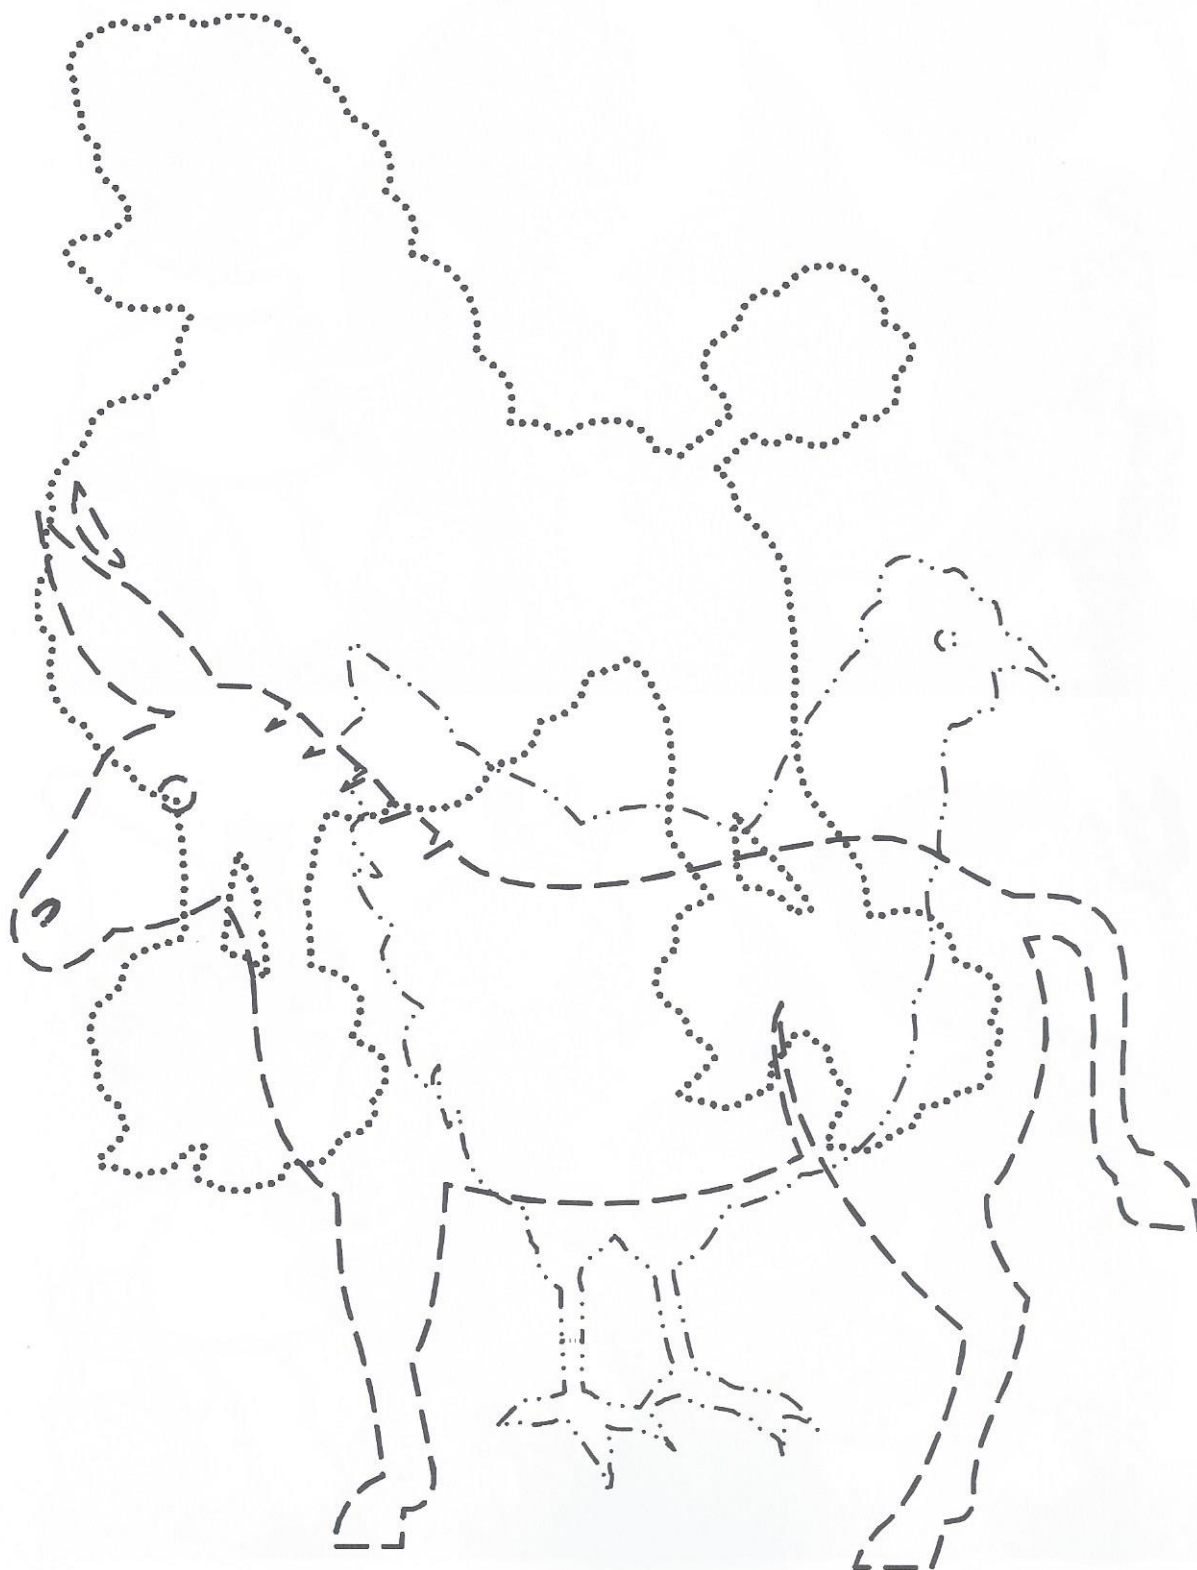

Doplňuj obrázky podle vzoru. Postupuj popořadě.

Obtáhni tvary zvířat:

- ..... žlutou
- ..... oranžovou
- hnědou

Najdi deset rozdílů.
